

Notice of Business Succession

2026.06.30

We are pleased to announce that JAPAN ETCHING UNICUM CO., LTD. succeeded to the etching-related business effective June 30, 2026.

In connection with this business succession, we have taken over the employees, technical expertise, and manufacturing know-how involved in the business and have commenced operations under a new organizational structure.

We have also succeeded to the production systems at the Sagamihara Plant and Hokkaido Plant and will continue the manufacture and supply of etched products, including RFID antennas.

We remain committed to quality and stable supply and will continue striving to meet our customers' expectations.

We sincerely appreciate your continued support and patronage.

JAPAN ETCHING UNICUM CO., LTD.
